DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of claims 1-13, 18, and 19 in the reply filed on 10/26/2007 is acknowledged.

Specification

2. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Claim Objections

3. Claim 18 is objected to because of the following informalities: The claim should refer back to the electrode composition of claim 1. As it reads now, the claim appears to be incomplete. Appropriate correction is required.

Allowable Subject Matter

4. Claims 1-13, 18, and 19 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1 neither shows nor suggest an electrode composition comprising: a current conducting material; and a heteroaryl-metal complex in contact with said current conducting material, wherein said heteroaryl-metal complex is of the formula: [M-(L)_a]_mY_n wherein a is an integer from 1 to 6; m and n are absolute value of oxidation

state of Y or [M-(L)a], respectively; or if [M-(L)a] is not charged Y is not present and said heteroaryl-metal complex is of the formula M-(L)~; M is a metal; Y is a counterion; and each L is independently a heteroaryl moiety containing one or more coordinating heteroatoms.

Regarding independent claim 19 neither shows nor suggest a composition comprising a metal or a metal alloy in contact with a heteroaryl-metal coordination complex, wherein said heteroaryl-metal coordination complex is of the formula: M-(L)a wherein a is an integer from 1 to 6; M is a metal; Y is a counterion; and each L is independently a heteroaryl moiety containing one or more coordinating heteroatoms.

Due to their dependency, the remaining claims are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. This application is in condition for allowance except for the following formal matters:

Please see the above action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
